

## Product 1: Charnwood W815 Mini Lathe

[Brand: Charnwood](#)

**Price: £245.00**

Manufacturer	Charnwood
Part Number	W815
Product Dimensions	69 x 22 x 31 cm; 20 Kilograms
Item model number	W815
Voltage	240 volts
Wattage	250 watts
Batteries included?	No
Batteries Required?	No
Item Weight	20 kg

A high quality mini woodworking lathe ideal for the production of smaller pieces or where the workshop size does not allow for a longer bed. Recommended for Pen Turning.

The bed, headstock and tailstock are all constructed from cast iron to give vibration free running but the compact size means the weight is still manageable and the lathe can be removed from the bench when not in use.

Electronic variable speed control allows the ideal speed to be quickly selected for jobs of any diameter.. We also now include a handy storage rack to keep centres, faceplates and service tools in one place and ready to go.

Supplied with four prong drive centre, revolving tail centre, 150mm (6") tool rest cross bar with 12mm diameter stem, 75mm (3") diameter faceplate, cable and plug.

### Specification

Distance between centres 300mm (13")

Distance over bed 200mm (8")

Motor (DC carbon brush) 250w (1/3hp), 240v

Speeds 750 - 3200rpm

Spindle thread size 1" x 8tpi

Head and tailstock tapers 1MT

Rating: Hobby

Warranty 1 Year

## Product 2 : Proxxon Micromot DB 250 MICRO Woodturning Lathe

Brand: [PROXXON](#)

**£155.18 + £19.50 delivery**

### Technical Details

Manufacturer	Proxxon
Part Number	27020
Product Dimensions	55 x 15.5 x 10 cm; 2.62 Kilograms
Item model number	27020
Voltage	230 volts
Wattage	100 watts
Item Package Quantity	1
Batteries included?	No
Batteries Required?	No
Item Weight	2.62 kg

Turning in miniature is a pleasing hobby. This precision made wood lathe is fitted with electronic speed control. The ball bearing spindle is bored through at 10mm, for series production of small parts. The stable tool rest is adjustable in all directions. Powerful drive motor with speed control between 1,000 and 5,000rpm. Bed is made from stable, thick-walled aluminium profile. A faceplate for turning larger items is included. Workpieces are secured by means of collets (one each of 2, 3, 4, 6, 8 and 10mm) are included. Centre distance of 250mm, 40mm swing, 25mm swing over support. **Supplied with drive centre, live centre, faceplate and 6 collets.**
