### **Guide to Moving Abroad in 2023: Live Overseas as an Expat**

By Andrea Ella Palmer

Published August 31, 2022

According to the US State Department, around 9 million US citizens are living abroad. Web searches for how to move abroad have also surged this year, with one international relocation website citing a 193% increase in searches from US-based users since June of this year.

Whatever your reason for moving overseas, it's true that the process takes proper research and preparation. Don't let that discourage you, though – relocating to another country is well worth the effort. Immersing yourself in another culture, learning a new language, and meeting new people are a few of the benefits that await you.

#### **FIND A JOB ABROAD (EXPAT)**

If you are a skilled worker, it's possible to apply for jobs abroad and get visa sponsorship from an employer. Common fields where this is possible are tech, medicine, teaching, and engineering. Some countries may offer general work permits that allow you to search for work within the country while others need you to have a job offer secured before leaving.

#### **GATHER IMPORTANT DOCUMENTS**

Aside from your passport, you'll need several important documents for your visa appointment. However, there are also other documents you may want to take with you overseas.

My dear friend,

Life here is very cool! I started work last week and my boss is very nice. I start work at 9 every day and finish at 4:30. I have not been to the beach yet because I am waiting for you! I can't believe you are arriving here in 4 days! Don't forget the documents from the bank I asked you! Can you tell me what time your plane is landing? What do you want to do when you are here?

I miss you very much

Love

Jenny
