

La chanson du bonheur

Anne, Titouan, Louise, Chloé

**When we are together
We are feeling free
When we are together
We feel stronger
We are so much better**

Despite all our suffering
Our life is amazing
We are always united
Our creativity is unlimited

**When we are together
We are feeling free
When we are together
We feel stronger
We are so much better**

You can't hurt our feelings
We are not afraid of pain
We appreciate everything
When we are under the rain

**When we are together
We are feeling free
When we are together
We feel stronger
We are so much better**

La haine n'emportera jamais sur la joie
Quand on est ensemble on rit aux éclats
Le meilleur moment de la journée
C'est quand on va se retrouver

**When we are together
We are feeling free
When we are together
We feel stronger
We are so much better**

Your criticisms do nothing
Our friendship will always win
